Items not accepted

The following items are not accepted in the Bayard City Dump. Please call the Gering City Dump to see if they can take any of the following items:

Burn Pile

The City operates a burn pile under a permit granted by the Nebraska Department of Environmental Quality (NDEQ). Only non-processed wood may be burned (branches, trees, brush, etc.). All other wood debris and wooden objects must be placed in the roll off. Failure for the City to operate in this manner could result in the City losing its permit to operate the burn pile. Items placed on the burn pile are free of charge.
