Assets being used to control burn:

(Manpower, equipment, water, etc.)

Applicant Printed Name:

Date:

Burn Permit Issued by:

Date:

Application must be accompanied by a map of burn site, which will include roads, structures, tree rows, and firebreaks near to or affected by fire and smoke from the burn. Other relative information to include; nearest major water supply, and type of vegetation, if any, surrounding the burn site. Hand drawn maps, or detailed descriptions including locations or GPS coordinates, are also acceptable. Plan may continue on another page if necessary.

Responsible party is still subject to any applicable laws and/or regulations. This form is an application only, subject to approval from the Fire Chief or his designee. The Bayard Fire Department, City of Bayard, and Bayard Rural Board assume no liability for any damage as a result of this burn.

Applications may be dropped off in person to the Fire Chief or City Office, or emailed to fire.department@cityofbayard.net
